SUMMARY

Motivated and detail-oriented Computer Science student seeking an entry-level software position where I can apply my programming, problem-solving, and analytical skills to contribute to organizational growth while continuously enhancing my technical expertise.

EDUCATION

P.B.R Visvodaya Institute of Technology & Science	CGPA:8.57/10
B.Tech(Computer Science and Engineering)	2026

TECHNICAL SKILLS

- **Programming Languages:** Python, Java
- **Web Technologies:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Core Concepts:** OOPs, Data Structures, DBMS, OS
- **Tools & IDEs:** Git, GitHub, VS Code, Eclipse

SOFT SKILLS

- Time Management
- Active Listening
- Hardworking
- Self Motivation

PROJECTS

Rule-Based and Machine Learning IDS for DDoS Attack Detection

- Developed a hybrid Intrusion Detection System (IDS) to detect DDoS attacks using Machine Learning techniques.
- Implemented algorithms like Random Forest, SVM, Logistic Regression, and Naive Bayes for attack prediction.
- Built the project using Python, HTML, CSS, and MySQL with graphical analysis and severity-based detection features

Black and White Image Colorizer

- Developed an AI-based Black & White Image Colorizer using Python and OpenCV.
- Implemented image processing techniques to convert grayscale images into realistic color images.
- Designed a user-friendly application for image upload, colorization, and output generation

INTERNSHIP

Python Full Stack

- Completed a 12-week Python Full Stack Internship at Supreme InfoSolutions Private Limited, gaining hands-on experience in Python, Django, MySQL, and Machine Learning.
- Developed dynamic web applications using Django and integrated MySQL databases for data management and CRUD operations.
- Applied NumPy, Pandas, and Scikit-learn for data analysis and basic machine learning model development.
- Built and deployed a mini project by integrating a machine learning model into a web application.
- Strengthened programming, analytical, and problem-solving skills through real-world software development tasks
